

Vernham Dean Gillum's Sports Premium

Funding for the PE and sport premium – academic year 2017-2018

We receive PE and Sport Premium for our pupils in Years 1 to 6. The amount is determined on how many pupils there are in our school from the January census and is variable each year. As we are a school with 17 or more eligible pupils, this year we will receive £16,000 and an additional payment of £10 per pupil, £16,740. The money is given to us in two allocations from the local authority and must be used to fund improvements to the provision of PE and sport. This year's allocation:

- 7/12 of our funding allocation will be paid to the local authority on 31 October 2017 £9765
- 5/12 of our funding allocation will be paid to the local authority on 30 April 2018 £6975

Intended Outcomes for this academic year

- We will introduce new sports activities to encourage more pupils to participate in a variety of sport
- We will provide our pupils with active sports club at lunchtime and after school on Tuesday to promote healthy living
- We will increase and improve the quality of teaching and learning in physical education through staff development
- We will increase pupils participation in sport and ensure they are more active to develop healthy lifestyles
- We will participate in sports activities with other schools

How we will spend our money

Spending of Sport Premium Funding 2017-2018

Premier Sports – hiring of specialist sports coaches to support our intended outcomes	£8,190
